## PROFILE

I am an undergraduate student with a passion for graphic design, seeking a part-time remote graphic design internship. Proficient in Adobe Photoshop, Adobe Illustrator, and Figma, I have completed branding, packaging, and social media design projects as a beginner. I am eager to learn, enhance my skills, and contribute to a creative team.

## PROJECTS

- Brand Identity & Packaging Design (Personal Project)
- Designed complete brand identities for sample luxury perfume and jewelry brands.
- Created logos, color palettes, typography systems, and visual branding elements.
- Designed premium product packaging, shopping bags, tags, and promotional materials.
- Developed Instagram posts and social media creatives to maintain a consistent brand identity.
- Used Adobe Photoshop, Adobe Illustrator, and Figma throughout the design process.

**Graphic Design Portfolio**

- Produced branding, packaging, and social media design projects for a professional portfolio.
- Applied design principles including layout, typography, color theory, and visual hierarchy.
- Focused on creating modern, clean, and visually appealing designs while improving technical and creative skills.
-

## EDUCATION

**Intermediate (FSc pre engineering)**

Under graduate (BS English literature and linguistics)
