Projects

Furniture Company Website Design | *Figma*

- Conducted discovery sessions to define brand identity and goals; created user flows, journey maps, wireframes, and responsive high-fidelity mockups for core pages (home, about, services, contact); applied modern typography, grid layouts, white space, and a minimal color palette to enhance usability and visual clarity.
- Developed a consistent, developer-friendly design system and collaborated through multiple feedback iterations to refine the final UI; created interactive prototypes and animations using Figma Smart Animate for hero sections and call-to-action interactions.

Coffee Ordering App UI Design | *Figma*

- Designed key mobile screens (Login, Signup, Home, Product Details, Cart, Checkout) with mobile-first layouts, intuitive user flows, and engaging interactive card components.

Tech Company Branding & Marketing | *Figma, Canva*

- Created a custom logo, business card, and Facebook cover photo with cohesive typography, color, and visual elements reflecting the company's technology-focused brand identity.
