ABOUT MYSELF

I am a motivated Software Engineering student with a strong interest in web technologies and digital solutions. Along with my academic studies, I have completed additional courses in Web Development and Digital Marketing, which have helped me build both technical and creative skills. I have good command of HTML, CSS, JavaScript, and PHP, and I enjoy developing responsive and user-friendly websites. I am eager to learn new technologies, improve my problem-solving abilities, and contribute to innovative projects in a professional environment.
