Professional Summary

I am a motivated BS Media student with a strong interest in journalism and digital media. I have a basic understanding of print, electronic, and social media and some experience in content writing and simple media research. I am able to analyze media messages and understand their impact on public opinion. I am familiar with media ethics and the importance of responsible reporting. I have good communication and presentation skills and use social media positively for educational purposes. I am eager to learn, improve my skills, and work in a professional media environment.

Willing to relocate: Anywhere
