PROFESSIONAL SUMMARY

Results-focused Amazon Virtual Assistant with hands-on experience in Private Label operations, PPC campaign management, and SEO-driven listing optimization. Trained at Enablers Academy and experienced in using Helium 10 and Jungle Scout to identify winning products and build profitable Amazon stores. Combines e-commerce expertise with a background in cost analysis and financial accounting to ensure data-driven, margin-conscious decisions. Seeking a remote or Islamabad-based role where I can contribute to sustainable Amazon store growth.

PROFESSIONAL EXPERIENCE

Amazon Virtual Assistant | Private E-commerce Company

Jan 2025 – Present

Remote · Full-time · Amazon Private Label

- Conduct end-to-end product research using Helium 10 and Jungle Scout to identify high-demand, low-competition products with profitable margins
- Write and optimize product listings with SEO-rich titles, keyword-targeted bullet points, and A+ descriptions — improving organic discoverability
- Set up, monitor, and optimize Amazon PPC Sponsored Products campaigns; track ACoS and adjust bids to maximize ROI
- Manage supplier communication on Alibaba — negotiate pricing, MOQs, and quality standards to secure favorable terms
- Monitor inventory levels daily via Seller Central to prevent stockouts and avoid long-term storage fees
- Track KPIs (BSR, conversion rate, ACoS, revenue) weekly and prepare performance reports for store owners
