EDUCATION

BS Computer Science

University of Rawalpindi

2025 – 2029 (In Progress)

PROFESSIONAL SUMMARY

Creative Graphic & Presentation Designer with a strong foundation in Computer Science, specializing in Canva-based design, presentation aesthetics, and visual storytelling. Skilled at transforming ideas into clean, well-structured layouts using strong typography, color theory, and visual hierarchy, with additional experience in video editing for social media content. Combines a technical mindset with design sensibility, communication, and leadership to deliver polished, professional visual content for freelance and academic projects. Currently building a freelance design portfolio on Fiverr.

PORTFOLIO PROJECTS

City Presentation Design — *Independent Project*

Designed a visually engaging presentation featuring Dubai, Paris, Japan, and India, using organized layouts, custom graphics, and a consistent visual theme to present each destination clearly and attractively.

Fiverr Presentation Design Portfolio — *Freelance Portfolio*

Created a set of professional presentation slides to showcase design capability, applying strong typography, visual hierarchy, and layout principles suited for business and academic presentations.

Flower Coloring Book — *Independent Project*

Designed a 20-page flower-themed coloring book, including a cover design, illustrated interior pages, and a personalized "This Book Belongs To" page, demonstrating layout consistency and creative illustration.

YouTube Thumbnails & Social Media Graphics — *Visual Content*

Produced thumbnails, promotional graphics, edited short-form video clips, and social media visuals in Canva, focusing on bold composition, readability, and eye-catching design suited for digital platforms.

EXPERIENCE

Freelance Graphic Designer | Portfolio Projects

Self-Directed · 2025 – Present

- Designed presentations, social media graphics, and thumbnails in Canva for personal, academic, and freelance portfolio projects.
- Applied typography, color theory, and layout principles to produce clear, visually organized designs across multiple formats.
- Built a freelance design profile on Fiverr, packaging gigs and a project portfolio for client-ready presentation and graphic design work.
- Brought an analytical, structured approach to layout and visual hierarchy, drawing on a Computer Science background and foundational knowledge of HTML/CSS and databases to organize content logically before designing it.

LEADERSHIP & ACTIVITIES

Leadership & Communication

Built leadership and communication skills through university coursework and collaborative academic projects — coordinating with peers, presenting ideas clearly, and taking initiative in group work.

AI & Database Enthusiast

Actively explores AI tools and database fundamentals alongside Computer Science studies, bringing a structured, systems-level mindset to creative design decisions.
