Portfolio: https://hajrashafique.netlify.app/

Creative and detail oriented Visual Communication Specialist with 5+ years of professional experience in brand identity design, logo creation, and modern digital visual systems. Skilled in developing minimalist and impactful branding solutions for startups, businesses, and marketing campaigns. Experienced in creating professional brand guidelines, social media creatives, and visually engaging design assets that strengthen brand presence, improve audience engagement, and deliver consistent visual communication across digital and print platforms.

Projects:

1. Mavion | Brand Identity & Guidelines for Space Infrastructure

Designed a premium and minimal brand identity system for Mavion, a space infrastructure company focused on precision, reliability, and long-term innovation. The visual identity was inspired by Bauhaus principles, emphasizing modularity, geometric balance, and engineered simplicity.

Responsibilities

- Developed the complete visual identity including logo system, color palettes, and typography.
- Designed iconography, patterns, stationery, social media assets, and environmental mockups.
- Applied consistent branding across digital and print platforms.
- Created a scalable design system aligned with the company's technical and premium positioning.

Tools & Tech Stack

Figma | Adobe Illustrator | Brand Strategy | Logo Design | Typography Systems | Visual

Identity Design | Color Theory | Social Media Design | Environmental Mockups

2.LOOP'D | Hot Dessert Brand Identity

Designed a premium and playful brand identity for LOOP'D, a modern hot dessert brand focused on creating a memorable and shareable customer experience.

Responsibilities

- Created the complete brand guideline system including logo, color palette, and typography.
- Designed packaging, signage, photography direction, and environmental mockups.
- Applied branding across digital and physical touchpoints with a warm and engaging visual style.

Brand Strategy

Blended nostalgic dessert culture with modern visual storytelling to create a bold, emotional, and shareable brand experience.

Tools & Tech Stack

Figma | Adobe Illustrator | Brand Strategy | Logo Design | Packaging Design | Typography Systems | Color Theory | Environmental Mockups

3.PINGUP | Visual Identity Guidelines

Designed a friendly and human centered brand identity for PINGUP, a social messaging platform inspired by connection, trust, and conversation.

Responsibilities

- Developed the complete visual identity including logo, color palette, and typography system.
- Created iconography, patterns, corporate assets, merchandise, and social media templates.
- Designed a modern and approachable visual language focused on communication and community.

Brand Strategy

Built a warm and trustworthy identity centered around conversation and connection, with a logo incorporating speech bubble symbolism to represent dialogue and social interaction.

Tools & Tech Stack

Figma | Adobe Illustrator | Brand Strategy | Logo Design | Typography Systems | Visual Identity Design | Social Media Templates | Merchandise Design

4.CELLVENE | Social Media Design

Designed a clean and educational social media identity for CELLVENE, a health and fertility supplement brand focused on trust, awareness, and bilingual communication.

Responsibilities

- Designed Instagram posts, educational graphics, video thumbnails, and bilingual content in English and Arabic.
- Created consistent templates for testimonials, product promotions, and expert-led content featuring Dr. Joseph.

Brand Strategy

Built a modern medical-inspired visual style using soft teal tones, clean typography, and minimal layouts to make health information feel professional, approachable, and trustworthy.

Tools & Tech Stack

Figma | Adobe Photoshop | Adobe Illustrator | Social Media Design | Healthcare Branding | Typography | Visual Communication

5.CELLVENE | Social Media Design

Designed premium social media visuals for LE MONDE REAL ESTATE, a Dubai-based luxury property agency focused on high end real estate marketing and lead generation.

Responsibilities

- Designed Instagram posts, property showcases, market reports, video covers, and “Just Sold” announcement graphics.
- Created Story highlight covers for major developers including Emaar, Sobha

Realty, Binghatti, and Nakheel.

Brand Strategy

Built a luxury visual identity using black, gold, and white tones with bold typography and high end imagery to communicate exclusivity, trust, and premium living.

Balanced aspirational lifestyle content with sales focused information to attract serious buyers and investors.

Tools & Tech Stack

Figma | Adobe Photoshop | Adobe Illustrator | Social Media Design | Luxury Branding | Real Estate Marketing | Typography | Visual Communication
