ASMARA KANWAL

Full Stack Developer

0340-5114869 asmarakanwal5@gmail.com Islamabad, Pakistan

Professional Summary

Computer Science student with strong foundation in full-stack web and mobile application development. Skilled in React.js, Flutter, Firebase, and REST APIs. Passionate about building scalable, real-world software solutions with strong problem-solving and teamwork abilities.

Skills

Programming Languages: JavaScript, C++
Frontend: React.js, Next.js, HTML, CSS
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
Authentication & Security: JWT, MFA
Soft Skills: Problem Solving, Team Collaboration, Clear Communication

Experience

IC Solutions Jul 2025 – Aug 2025
Full Stack Development Intern *Islamabad, Pakistan*

Developers Hub Jun 2025 – Jul 2025
Backend Development Intern *Remote*

Code Alpha Jun 2024 – Jul 2024
Front End Development Intern *Remote*

Projects

Smart WaterNet (Final Year Project) 2025 – Present

IoT-Based Water Quality Monitoring System

- Designed IoT system for real-time water quality monitoring using sensors.
- Built admin dashboard, maintainer system, and user application.
- Developed web dashboard for monitoring and inventory control.

Online Book Store (MERN Stack) Jan 2025 – Apr 2025

Full Stack Web Application Academic Project

- Developed a full-stack online book store using MERN stack (MongoDB, Express, React, Node.js).
- Implemented user authentication, product browsing, cart system, and order management.
- Designed RESTful APIs and integrated frontend with backend for seamless user experience.

SQL Database Management System Project May 2024

Database Management Project

- Designed and implemented a relational database system using SQL and MongoDB.
- Created normalized table structures, relationships, and optimized queries.
- Performed CRUD operations for efficient data management and improved data integrity.

Tracking Mobile Application (Flutter) Mar 2025

Mobile Application Development

- Developed a real-time tracking application using Flutter.
- Implemented live location updates and responsive user interface components.
- Focused on accurate location monitoring and seamless user experience.

Education

Bachelor of Science in Computer Science (BSCS) Sep 2022 – June 2026
Air University Islamabad *Islamabad, Pakistan*
