AI Video Creation: Producing short-form video content using AI video generation tools for social media

Social Media Management: Running and growing a Facebook page focused on AI & tech content

Blog Writing: Writing fashion/lifestyle blog content on a personal website

Content Planning: Ideation, scheduling, and consistent posting across platforms

Tools: Facebook Creator Studio, AI video generation tools, basic photo/video editing

Other: Strong written communication, trend awareness, adaptability

CONTENT EXPERIENCE

Facebook Page Creator — AI & Tech Content

- Independently created and managed a Facebook page centered on AI and tech video content for around a year.
- Produced short-form videos using AI tools, from concept to publishing.
- Maintained a consistent posting schedule to build and engage an audience.

Blog Writer — Personal Website (Fashion/Lifestyle)

- Wrote and published original blog content on fashion and dresses on a self-run website.
- Researched trends and crafted engaging, reader-friendly write-ups.

ADDITIONAL INFORMATION

- Comfortable working independently and meeting content deadlines.
- Quick to learn new content tools and platforms.
- Available to join immediately; open to a probation period as per company policy.
