AMNA AZIZ

UI/UX & Graphic Designer

amnaawais887@gmail.com | 03041766368 | Lahore,Pakistan

Profile Summary

Motivated UI/UX and Graphic Designer with 6 months of hands-on experience creating user-centered digital interfaces, wireframes, prototypes, and visual designs. Skilled in translating ideas into clean, functional layouts using Figma and Adobe Creative Suite. Quick learner with a strong eye for detail, seeking to contribute creative and technical design skills to a growing team.

Work Experience

UI/UX Intern, *Decodelabs* 2026
Remote

- Designed wireframes, mockups, and interactive prototypes for web and mobile apps using Figma.
- Created social media graphics, banners, and marketing visuals aligned with brand guidelines.
- Collaborated with developers to ensure accurate implementation of UI designs.
- Conducted basic usability checks and revised designs based on team/client feedback.
- Maintained a consistent design system (colors, typography, components) across projects.

Graphic Design, *Tevta* 01/2026 – 05/2026
