SUMMARY

A confident, ambitious, and hardworking professional with a natural talent for creative problem-solving and public speaking. I thrive in dynamic environments where I can apply my innovative mindset to develop original ideas and solutions. My strong communication skills allow me to articulate complex concepts clearly and persuasively, while my relentless drive ensures I consistently exceed goals. Whether leading a project or collaborating within a team, I bring energy, dedication, and a proactive attitude to every task

WORK EXPERIENCE

Graphic Design Intern – Decimal Solution

2 Months Duration

Designed social media posts, marketing materials, and brand visuals while working with Photoshop, and Canva.Also did video editing on Adobe Premiere Pro

PROJECTS

UI/UX & Web Design Projects

Designed website pages, mobile app interfaces, and game screens using Adobe Photoshop, Figma, Adobe XD, and WordPress, focusing on modern layouts, user-friendly navigation, and strong visual hierarchy.

Branding & Print Design Projects

Created business identity and marketing materials, including brochures, posters, banners, flex prints, advertisements, a 2026 calendar, and magazines, using Adobe Illustrator and Photoshop while maintaining professional layouts and consistent brand identity.

Typography & Infographic Design Projects

Developed creative typography designs and informative infographics using strong font selection, custom illustrations, and clear visual communication techniques.

Photography & Digital Art Projects

Worked on portrait, landscape, and architectural photography along with digital paintings in Impressionism style, focusing on composition, lighting, color blending, and artistic presentation.

Textile Design Project

Designed a creative curtain using raw and waste materials with embroidery, stitching, and decorative textile techniques for sustainable design practice.

Videography Project

Produced complete video content from concept creation and shooting to final editing using Adobe Premiere Pro with storytelling and professional transitions.
