Address: V.P.O MUNARA TEHSIL KALLAR KAHAR DISTRICT CHAKWAL , 48910, Chakwal, Pakistan (Home)

ABOUT ME

I'm a dedicated BSIT student in my third semester with a strong academic background in Matric and FSC. Alongside my studies, I have developed practical skills in Graphic Design and UI/UX Design, with hands-on experience using Adobe Photoshop, Adobe Illustrator, Canva, and Figma to create visually appealing and user-friendly designs. I have previously served as a Technical Sailor in the Pakistan Navy, which helped me develop discipline, responsibility, and teamwork. My naval training also provided experience in hospitality, firefighting, emergency response, and maintaining safety standards. I'm now looking for an opportunity where I can apply my technical knowledge, creativity, and communication skills, learn quickly, and contribute to a professional work environment. I'm reliable, adaptable, and committed to delivering consistent, high-quality results.
