PROFILE

Goal-oriented Computer Science professional seeking a career opportunity with a reputable organization to apply hands-on experience in full-stack development, hardware-software integration, and prototyping. Dedicated to utilizing my technical foundation, leadership abilities, and problem-solving mindset to tackle complex engineering challenges while continuously advancing my technical skillset.

INTERNSHIP EXPERIENCE

IoT Engineer Intern — BetaEnergy (Pvt) Ltd.
April 15, 2026 – July 15, 2026

- Worked with the engineering team on IoT device integration, data monitoring and testing of connected systems.
- Collaborated closely with cross-functional team members, communicating progress clearly and meeting project deadlines.
- Developed strong attention to detail, discipline and professionalism in a corporate work environment.

EDUCATION

Bachelor of Computer Science
University of Wah, Wah Cantt, Pakistan | Oct 2022 – 2026

FINAL YEAR PROJECT

LifeLine Band — AI-Powered Smart Emergency & Health Alert Bracelet
Designed a wearable device that monitors vital health parameters and triggers real-time emergency alerts to hospitals and doctors via a connected mobile app, using AI to help predict critical health conditions and reduce emergency response time.

VOLUNTEER & COMMUNITY ACTIVITIES

Member — Dar-e-Kidmat Islamabad

- Actively participated in community welfare drives including the Winter Drive, Ramazan Rashan Drive, and blood donation campaigns.

Community Support Volunteer — COVID-19 & Polio Worker, THQ Taxila

- Supported relief efforts during the COVID-19 pandemic, distributed essential supplies, and assisted community health and awareness initiatives — building strong public interaction and crisis-management skills relevant to passenger care.
