EXPERIENCE

Lead Generation Specialist July 2026 – Present
Digipack Pvt Ltd Pakistan; Paper Based Food Packaging Manufacturer (B2B), Lahore

- Generate and qualify B2B leads for paper based food packaging solutions across the F&B, bakery, retail, and hospitality sectors in Lahore and beyond.
- Conduct research driven outreach through email, LinkedIn, and cold calling, tailoring messaging to each prospect's product range and packaging needs.
- Prepare customized client proposals and quotations, and coordinate product sample deliveries and follow up meetings to convert leads into active accounts.
- Liaise with internal supply chain and production teams to align client requirements with product specifications, pricing, and delivery timelines.
- Maintain an organized lead pipeline and outreach records, tracking prospect status from first contact through to closure.

Marketing & Business Development Executive (Internship) 2024
Lube House Lahore; Authorized Distributor of Total Parco Pakistan (B2B Industrial Lubricants)

- Assisted the Sales and Marketing department in developing and executing digital marketing strategies for B2B industrial clients across Pakistan's steel, textile, and manufacturing sectors.

- Designed and curated engaging social media content using Canva, contributing to the company's online branding and professional presence.
- Scheduled and managed social media posts through Next Level Marketing Software to maintain consistent digital outreach.
- Supported lead generation and brand visibility initiatives that contributed to increased customer engagement and new account acquisition.
- Collaborated with the sales team to prepare client proposals, product presentations, and marketing collateral.
- Gained hands on experience in B2B marketing for industrial lubricants, translating technical product advantages into clear customer messaging.

Business Analyst; University Capstone Project
Profine Furniture Pakistan

- Identified key operational weaknesses and market growth opportunities through structured business analysis.
- Recommended adoption of Google Looker Studio for tracking marketing KPIs and monitoring expenditure, subsequently adopted by the client.
- Presented data-driven strategic recommendations to senior management with clear implementation plans.
